

JO FROST AFTER SHOW GROUP QUESTION AND ANSWER SESSION **Open to Platinum Ticket Holders ONLY**

If you have purchased a Platinum ticket you are invited to be part of Jo's exclusive Group 'Question and Answer' (Q and A) session, scheduled to take place after the Live Show. To maximize your learning and offer the best experience we can, we want to answer as many questions as possible. We ask that you help us by following a simple process. **Please refer to your ticket to check if you have a Platinum ticket.**

Here's how it will work on the night.

Before Intermission

To ensure that the Q and A session can run smoothly, we are asking you to provide your questions prior to the conclusion of intermission.

If you would like to submit a question for the Q and A session, you will find a question sheet on your seat. Please fill in your question sheet prior to the conclusion of intermission and place it in the question box. The question box will be clearly identified and be located near the stage.

After the Show

Jo Frost will leave the stage at the conclusion of the seminar to allow us to clear the venue of all patrons not included in the Q and A. This should take approximately 15 minutes. Please feel free to take a bathroom break, but stay within the building to ensure you hear the alerts prior to Jo Frost returning for the Q and A session.

Jo will then come back onto the stage to answer the group's questions. As you can imagine Jo gets lots of questions. Quite often the same question is submitted by a number of people, so having your questions submitted on the sheets prior to the session allows us to manage this and fit in as many questions as possible. If we use your question, your name will be called, and we will request that you stand up in your seat, so that you can personally ask the question of Jo.

The 'Question and Answer' session will run for approximately 30 minutes.

We will endeavour to answer as many questions as possible, but unfortunately we cannot guarantee that all questions that are submitted will be read or answered.
