

Dainty Group regrets to advise that Kendrick Lamar is no longer able to perform at Eminem's Auckland concert on Saturday 15 February due to an unavoidable scheduling conflict.

Kendrick Lamar explains: "New Zealand! Sorry I'm missing you this time, but the homies, ODD FUTURE will kill it for you and I'm excited for Australia this month."

ODD FUTURE - also known as Odd Future Wolf Gang Kill Them All or OFWGKTA. Their Auckland show supporting Eminem will feature founding member Tyler, The Creator, who will be joined by fellow rappers Hodgy Beats, Domo Genesis, Left Brain, Mike G and Taco Bennett.

Fans can expect an exceptional performance of sparse beats and electric rhymes delivered with the passionate energy and youthful exuberance that ODD FUTURE is renowned for.

Also just added to the line-up is one of Australia's finest - 360 - so it's now a huge bill for Rapture Auckland.
